About Us:

EnviroCentre is an Ottawa-based environmental not-for-profit that supports residents, enterprises, and communities to find practical ways to reduce their environmental impact. We have been working for twenty-five years to promote practical climate action and awareness in our local communities and Eastern Ontario, and we are one of the leading local agencies in environmental action.

In Ottawa, 42% of emissions come from transportation, and 46% from buildings, a similar profile to that of cities across Canada. EnviroCentre's work prioritizes reducing emissions in those areas, with an eye to supporting an integrated vision of a sustainable, resilient future Ottawa and Canada.

At EnviroCentre, we have a dynamic, growing, and engaged team of over 70 staff. We are a fully remote office and will provide the technology and tools to work effectively and collaboratively right from home. We offer competitive employment packages that include health benefits, a Communauto membership, and opportunities for training and professional development.
